

PARTS FOR 977-C TURBIDIMETER

ITEM	PART#	DESCRIPTION	List Price (USD)
Cable	977C900	Sensor/transmitter interconnecting cable (per foot)	\$1.60
Calibration	977C011	Calibration/Recalibration 977-C	\$100.00
Circuit Board	977C003	Main circuit board for Model 977-C	\$470.00
Circuit Board	977C005	Sensor/lamp power supply circuit board for insertion sensor	\$102.00
Compression Fitting	977C010	Compression fitting (7/8" tube x 1" male NPT)	\$240.00
Compression Fitting	977C013	Compression fitting (7/8" tube x 3/4" male NPT)	\$200.00
Front Panel Assembly	977C004	Front Panel for Model 977-C	\$400.00
Junction Box	977C016	Junction box and cover for insertion sensor (no fittings or circuit board)	\$137.00
Meter (Analog)	977C006	Analog indicating meter with dial for front panel	N/A
Meter (Digital)	977C007	Digital indicating meter for front panel	\$160.00
Meter Circuit Board	977C012	Circuit board for digital indicating meter on front panel	\$40.00
Safety Chain	977C015	Safety chain for insertion sensor	\$30.00
Sensor - Insertion	977C002	Insertion Sensor Only for Model 977-C (no cable or fittings)	\$1,140.00
Sensor - Submersible	977C014	Submersible Sensor Only for Model 977-C with 50 feet of cable	\$1,340.00
Sensor Repair	977C009	Sensor overhaul (for salvageable sensor)	\$750.00
Stick (Insertion)	977C008	Insertion sensor (Stick Only) Model 977-C	\$770.00
Transmitter	977C001	Transmitter in NEMA 1 enclosure for 977-C	\$1,220.00
